19th ISfTeH International Conference

5th Carrefour de la Télésanté

For a worldwide eHealth

Expert conferences and demonstrations

500 multidisciplinary actors

Targeted meetings

Exhibition

- Attend the event
- Enhance your skills and become a partner
- Enjoy targeted meetings according to your needs

What eHealth success stories are there worldwide?

How efficient is telemedicine according to evaluating countries?

Is there meaningful eHealth exchange between developed and developing nations?

What legislation and regulation have been adopted?

Which methodologies to support eHealth projects?

New tools and services for eHealth: what contribution to economic development in investing nations?

What international collaborations are supported through telemedicine?

Paris
October
16 & 17th,
2014

**CATEL is the initiator and organizer of the 5th "Carrefour de la Télésanté"
to be held on 16 and 17 October 2014 in Paris,
in conjunction with the 19th Annual Conference of the ISfTeH
(International Society for telemedicine and eHealth).**

- 400 multidisciplinary participants are expected (healthcare professionals, patients, institutions, industry representatives, researchers, ...)
- Hosting of foreign delegations
- A trade show
- A forum of targeted business meetings
- General Assemblies of CATEL and the ISfTeH
- Opening reception and official welcome addresses
- Annual cocktail buffet of the CATEL Network (open to all)
- Demonstrations of international eHealth tools, linked to the presentations
- International plenary sessions

CALL FOR PAPERS

The call for papers is now open and will close on May 31st, 2014. It is open to any organization looking to enhance its activities or its positioning in relation to the themes defined collectively for the event.

To respond to this call for papers:

Prepare a summary in Word format (maximum one page) or Powerpoint (maximum 10 slides), describing the subject of your presentation, **clarifying especially the factual aspects** (description of services or eHealth activities, number of applications and outcomes, actors involved, number of current users, business model, etc...

Speaker bio: position, brief, biography and **photo** (in high resolution).

Specify if you have a video and / or if you wish to do a **demonstration** at the event.

**Submit your proposal to CATEL:
by email to catel@telemedecine.org
LATEST by MAY 31st, 2014 at 5 pm.**

CALL FOR PARTNERS

The "Carrefour de la Télésanté" is an opportunity for your organization to:

Consolidate your position or make yourself known as actor in the field of eHealth to a multidisciplinary public (healthcare professionals, patients, institutions, industry representatives, researchers,...).

Enhance your actions, projects, products and services in this area with a national and international audience.

Meet and discuss with actors of the sector in order to learn about their needs and expectations.

Attend and contribute to this high level International Conference.

To plan the partnership that suits you:

**contact CATEL now:
by email to catel@telemedecine.org
or by phone 0033 (02) 97 68 14 03.**
